North Bay due 6 more rooms

Inspect HNC addition, delay Pearlington tour

Application for a six-room addition to North Bay Elementary School instead of four was approved Monday night by the Bay St. Louis Municipal Separate School District.

Superintendent Joe D. McCulloch said he had presented plans for the four-room structure to state officials who said they did not believe the school had sufficient toilet facilities for the addition and with the present rate of increase in enrollment they thought six rooms with additional toilets should be built.

Application is being made to the state education finance commission which will provide the necessary funds if approved. Cost is estimated at \$8,25 a square foot or a total of \$53,212. Preliminary plans were drawn by Oubre and Wagner, architects, and must be approved by three state departments, health, architectural and finance, McCulloch said.

Trustee J. W. Watts, Jr., said he approved of the addition as it was needed now but asked that plans for future construction of a school in South Bay not be forgotten.

McCulloch also noted the crowded conditions of schools saying they used to transport students to Waveland School but it was now filled with Waveland residents.

Members expressed gratification at the large crowd that traveled to Ocean Springs to see the Tiger-Greyhound championship football game and agreed the players should be given a testimonial dinner.

The four-classroom addition to Hancock North Central School will be accepted when the county board of education meets Saturday morning provided eight corrections have been made which the board noted on its inspection tour of the building last Saturday.

Because of the heavy rainfall, trustees postponed until this Saturday their scheduled inspection of potential sites in the Pearlington area for relocation of the Logtown School which will be closed next spring for Mississippi Test Operations' buffer zone.

Fred Naylor of the State Education Finance Commission and a member of his site approval team will be asked to accompany the board on its Pearlington excursion to advise if the tracts under consideration meet state requirements.

Four members of the board, accompanied by Dalton B. Shourds, architect for the project; Principal J. D. Penton and County Superintendent-elect Robert F. Ladner, inspected the new addition at HNC in the pouring rain which gave them adequate chance to check out any more potential roof leaks.

Penton was directed to check the changes and report to the school board at which time it will vote to formally accept the structure. Corrections found necessary included increasing space on outside walls beyond what plans call for; removing wire on rod beams; touching up paint in book rooms; correct water leak around electrical service stack; check cabinet doors; tighten faucets and check leaks, recork windows in two classrooms and change thresh molds on east doors.

Gulfview club

goes to state

on relief plea

Approximately 50 members of Gulfview Co-op Association voted Tuesday night to have Mrs. Louis Garcia and Mrs. August Usher write Fred C. Naylor of the state education finance commission and A. P. Smith, state board of education, asking them to attend the county school board meeting Saturday and to inspect Gulfview.

Crowded conditions at Gulfview, where 202 are in attendance now compared with about 145 at this time last year and 183 at the end of the school year, is the basis for the Co-op group seeking additional classrooms and teachers on an emergency basis. Mrs. Malcolm Green and Mrs. Garcia were appointed spokesmen for the group for a school board meeting scheduled for Saturday.

A. W. Miller represented Bond Construction Co. of Pica-yune, contractor, on the inspection. The \$47,900 job was authorized during the summer to relieve increasing enrollment. It will house junior high classes presently quartered in the library and elsewhere in the high school. Trustees also got a firsthand look at the water accumulation on the roof of the high school (Cont. on Page 6.)

Hike member role, C of C unit asks

Greater membership participation in affairs of the Hancock County Chamber of Commerce was the primary recommendation for a program of action in 1964 presented by a four-member committee at the chamber's annual meeting Monday night.

The study committee, composed of O. W. Delph, George D. Benedetto, Dr. B. L. Ramsey and T. T. Robin, along with Warren Carver, chamber president, urged more direct membership participation in chamber affairs by encouraging all to attend monthly board meetings, and service on various committees. It suggested committees on membership, civic improvements, governmental affairs, public relations, sports, youth activities, programs and arrangements.

Specific programs for each month were urged such as clean-up, paint-up, fix-up in May, request for ideas in January. Attempts to secure cooperation of other organizations within the county were recommended to promote civic improvements.

"The Chamber of Commerce without becoming involved in partisan politics should take a more positive stand on issues involving the welfare of the community," the committee continued, noting that legislative bodies determine the climate that fosters or hinders economic growth. It turned thumbs down at this stage on proposals to employ a full-time paid manager, declaring (Cont. on Page 12.)

Chamber names new directors, first woman

Mrs. Wayne Ducomb of Kiln, co-publisher of Mississippi Monitor magazine, became the first woman named to the board of directors of the Hancock County Chamber of Commerce when she was one of four directors chosen for two-year terms at the annual meeting Monday night at Coast Electric Power Assn.

Others elected to the board from eight nominated by mail ballot of the membership were James C. DeBlanc, Waveland Lumber firm executive; Powell Glass, Jr., publisher of the Sea Coast Echo, and Wilson Wehre, chairman of the county Republican committee.

Unsuccessful nominees were W. R. Gordon, Robert Lauderdale, Thomas O. Logue and Dave McDonald. The new directors with the five who have one more year of their terms to serve are to meet within the next 10 days to elect officers for the coming year.

For Saturn test stand

\$13 million job let

Army Engineers awarded last Friday the largest contract yet for construction work at the Mississippi Test Operations being constructed in Hancock County on an expedited schedule for making acceptance tests on rocket engines and stages for the Apollo man to the moon program.

The job amounting to \$13,391,872.64 went to C. H. Leavell and Co., of El Paso, Texas, for building a massive single-position test stand and extensive supporting facilities for captive firing the S-11 (second) stage of the Saturn V moon rocket.

The test stand will consist of a concrete structure approximately 127 feet high and about 150 feet square at the base, a 150-foot tower approximately 58 feet high and containing about 500 tons of steel. Supporting facilities will include two steel instrumentation towers, two concrete observation bunkers, a blast-resistant control center, instrumentation tunnels, specialized utility systems, and docking facilities for fuel and rocket barges.

Ling appointed MTO attorney

Edwin R. Ling, 166 Nicholson Ave., Waveland, has been appointed legal counsel for NASA's Mississippi Test Operations.

He will also serve as counsel for NASA's Michoud Operations in New Orleans, maintaining offices at both installations.

Prior to his new assignment at MTO/Michoud, Ling was a senior attorney in the chief counsel's office, Marshall Space

The test complex will be situated on a branch canal at the test site. Manufactured by North American Aviation, Inc., at Seal Beach, Calif., the million-pound-thrust S-11 stages will be shipped by water by way of the Panama Canal, the East Pearl River, and a canal system at the site directly to the test stand.

This contract brings the total value of work the Corps has placed under construction contract since the early part of this year to approximately \$27,905,000. In addition, it has awarded supply contracts totaling approximately \$828,000, and contracts for relocating utility lines totaling approximately \$427,000.

Meanwhile contractors added 22 more workers during the week. General Electric upped its staff two and the Corps of Engineers by four to bring the over-all employment in connection with MTO over the 800 mark.

New total is 908 with 667 contractor personnel, 85 with the Engineers, 53 with GC, 43 at the real estate project office, 15 with Flight Center, Huntsville, Ala., for a year. Before joining NASA, he was an attorney for five years with the Atomic Energy Commission at Los Alamos, N. M.

Ling is married to the former Ingrid Hille and the couple has two children, Lorelei, 5, and Edwin R., Jr., 3. He received his bachelor's degree from Grinnell College in Iowa and his law degree from New York University.

the weather bureau and Raytheon, six on the county patrol and five others including one Boeing man, two with Sverdrup and Parcel and two with Coast Electric Power Assn.

Work started Wednesday on the \$58,725 industrial water well being constructed by Layne-Central of Jackson which is due for completion Jan. 10. The 16-inch well near the test tower will be drilled to a depth of 1,800 feet.

Hancock Bank opens branch at test site

Hancock Bank, which operated branches in Pearlington and Loggown in the lumber boom days, returned to the eastern portion of the county Tuesday with the opening of its Mississippi Test Operations-Gainesville branch.

More than 300 persons inspected the trailer facility during open house after brief informal ceremonies conducted by Leo W. Seal, Jr., bank president. Taking part in dedication with him were William Roy, official of General Electric Co., support contractor at MTO, and Henry Williams of the National Aeronautics and Space Administration staff.

Seal traced growth of the bank from its founding in Bay St. Louis, recalling that a Pearlington branch was opened in 1902 to (Cont. on Page 6.)

Two Pass Christian Negroes—Harold N. Antoine, 37, and his three-year-old great nephew, Leon Vince, Jr., became Hancock County's fifth and sixth traffic fatalities of 1963 after a Sunday evening crash at U. S. 90 and Lower Bay Road.

The crash sent four other occupants of the Antoine car to Gulfport Memorial Hospital. They were Helen Elaine Vince, mother of the dead child; Walter Romain, Everett Cook, all of Pass Christian, and Willie James Mays of Gulfport. Cook reportedly suffered a fractured neck among other injuries.

A member of the family said the group was returning from a birthday celebration for the dead man's mother in Clermont Harbor when the accident occurred. An infant daughter of the Vince woman also was in the car but was not injured.

The sheriff's office said Highway Patrolman Frank Blanton investigated and found the automobile, driven by Antoine, came (Cont. on Page 6.)

German Shepherd dog show ribbons go

Mr. and Mrs. Paul Fassnacht of Waveland, who are running the obedience training school for dogs in the National Guard Armory, were successful recently with their three German Shepherd dogs.

In the annual specialty show of the German Shepherd Dog Club of Louisiana Oct. 26 in New Orleans, their three year old stud dog, Cobert's Emmitt Kelly C. D., won first out of ten dogs in the American-bred class. Anja Von Der Loreley and April (Asta) Van Der Loreley, Kelly's seven-

months-old daughters, made first and fourth respectively out of nine in the puppy bitches 6 to 9 months class. Kelly and Anja were handled by Mrs. Fassnacht and Asta by Lloyd J. Favret, a German Shepherd breeder in New Orleans.

In the same show Mrs. Fassnacht handled Solonida's Imp called Rex, owned by Mrs. Elaine B. Kelly of Waveland who placed

to Fassnachts

fourth out of nine dogs in the novice class. The following day in the all breed show of the Louisiana Kennel Club Rex placed third out of five dogs entered.

At the annual specialty show of the German Shepherd Dog Club of Mobile, Ala., Nov. 3, Cobert's Emmitt Kelly C. D. handled by Mrs. Fassnacht made again first in the American-bred class out of five dogs entered.

MOHAWK ULTISSIMO**
Tire ...the ultimate in performance and safety

"Whatever you want tire-performance, safety, long mileage — this tire has it," says Tom McCahill, famous automotive authority and writer.

McCahill put the Ultissimo through its paces at the Utica, Michigan Test Track and Proving Grounds... from high speed driving to panic stops... from cornering to wet weather traction.

He reports that the Ultissimo is: "True as an arrow with no side sway at high speeds. 'Corners beautifully... new continental shoulder holds the road like a leech."

"New tread design with 1400 gripping edges sweeps the water away for straight line stops in wet weather." Why don't you do as McCahill did? Come in and prove it to yourself. Test drive America's newest, most exciting tire... the Ultissimo by Mohawk.

Teen Times

It seems that just a couple of days ago, we were writing about the first week of school—now a sudden Thanksgiving is upon us and boys are busy deciding what to give the best girls for Christmas.

Nancy Marochino, student at the Lady of the Lake, San Antonio, Texas, will come home for the first time since entering the freshman class Thanksgiving week. Ann Clark will also return for these holidays. Ann's second year at Rice University.

The Bay and surrounding area had much in common "with Bayville" when and dreary—there was no joy in the hearts of local football fans. Bay High supporters saw Ocean Springs down the Tigers 7-6 and this lone point scored cost the local team a crack at the Coast Conference Championship.

The Bay High band and cheering squad drowned their sorrows with cokes and hamburgers at Gus Stevens on the forward trip. St. Stanislaus was too had little to be happy about. Moss Point beat the Bulldogs 41-6. The only bright spot in the county gridiron-wise was North Central, their rapidly improving 11 defeated St. Martin's 32-20.

Steve Wyatt and Barry Lewis are among local high school students picking up extra money working on Saturday. Steve is in the men's department at Ramsey's and Barry is at Jimmy's.

Airman Second Class Larry Amer, Stanislaus graduate and former LSU student, is quite busy at Blumendorf AFB where he is stationed. He's advisor to the Catholic Youth Organization here and is supervising a play sponsored by this group.

Anne Bryant and Paula Reynolds were selected as members of the chorus at the University of Southern Mississippi. Theatorio, The Childhood of Christ, will be presented in the university auditorium on Dec. 14. Peggy McCollister reigned as queen of Mission Day Wednesday at St. Joseph. Martha Lynch, a freshman, was runner-up for this honor.

Happy birthday Shirley Scott who will be 14 Friday. Others turning cakes recently include Bill Pittman who is 17 today; John Niehaus, his was Nov. 12, and John Shattuck who was 15 Nov. 13.

Michael Reimke hosted a party after St. Stanislaus homecoming festivities. Guests enjoying dancing and refreshments were Connie Demoran, Dale Bazzalora, Raymond Thomas, Mike and C. J. Heitzmann, Pete Mueller, Charlie Brown, Jeanne and Jay Lagasse, Ronnie Butkin, Jimmy Rosato, Tom and Pat Green. Connie and Dale remained to spend the night with Michael.

Who for the benefit of our readers who are unaware of the fact, we'll explain, is a young lady. Sorry Barbara Noonan missed cheerleading for the Ocean Springs game. She was out-flying from a strap throat.

Harry Shattuck is looking forward to Thanksgiving—he'll be home for the holidays. Vicki Scharf observed her 12th birthday at a costume party at her Jeff Davis home Nov. 1. She enjoyed a double celebration as she was also feted at a family dinner on the actual birth date, Nov. 5.

Saturday was a big day for the St. Stanislaus homecoming court, the football team and cheerleaders—the group attended the Southeastern football game at Hammond, La.

Clermont HD club installs

New officers of the Clermont Harbor Home Demonstration Club were installed Monday when the club met at the home of Mrs. Kirkland Rheams, Mrs. Ola Moran is incoming president; Mrs. R. Kintzley, vice president; Mrs. I. Graff, secretary; and Mrs. Frank Simmons, treasurer.

Thought for the month was "the worship most acceptable to

God comes from a thankful heart". The roll call was answered with "the one thing I am thankful for."

Members discussed refreshments to be served for the county HD council meeting at 2 p.m. Nov. 22 at the Agricultural Center. Mrs. John Saleeby was named chairman for the Christmas party to be given Dec. 9 at the home of Mrs. J. C. Goodloe.

Presbyterian women meet

Morning circle of the Women of First Presbyterian Church met Nov. 6 at the home of Mrs. Ron Goette when Mrs. Carl Anderson led the study of the first 12 Psalms. Mrs. Harry Scharf gave a Thanksgiving prayer.

Plans were made for the family night supper tonight in the fellowship hall and general meeting of the women of the church on Nov. 20 was announced.

Mrs. Walter Russo, chairman, welcomed three guests, Mesdames John Bullock, William C. Burns and Don Rahn, Sunday greeters for the month are Mrs. Al Volight, Mr. and Mrs. Scharf, Mr. and Mrs. C. M. Canoga, Mr. and Mrs. Ed Thomson and Dr. and Mrs. Russo.

Dolly peers

After spending the past 30 minutes staring at an insultingly blank sheet of paper waiting optimistically for one shred of inspiration we unconsciously began mentally contrasting what a difference a mere ten years has made in the completion of a November Saturday. A decade ago as one drove along the beach, at least half of the houses had been closed and shuttered since Labor Day. If one preferred to walk, very little traffic interfered and what at that time was almost impenetrable woods now are a number of residential developments reaching from the end of Cedar Point to waterfront homes in Lakeshore, Tenn. Once summer residents had folded their tents, it was possible to toss a rock the length of Coleman Avenue, or Beach Blvd. in the Bay and risk little danger of injuring anyone. We'll admit it was kind of peaceful, but our present day influx of new people is less more exciting.

Samaritans to the rescue

Speaking of new people, Clara Lee (Mrs. Roy) Asher found out that a group of new residents are also good Samaritans. Bright and early Saturday morning Clara Lee and her two small sons set out to pick up the baby sister. When she attempted to turn the corner at Hickory and Water Streets in Waveland, her small car slid into a deep ditch. When she got out of the automobile to check the damage, she found herself in a mud hole up to her waist. All of this occurring during a chilly downpour. The closest home was that of Mr. and Mrs. Norbert Kurtz, formerly of South Lima, N.Y., the Kurtzes, assisted by George Stett and Don Rahn, both from Rochester, N. Y., and Lyle Van Amburg, he hails from Bath, N.Y., (all NASA employees who've been here about two months) managed to get a large truck, a pick-up truck and another automobile stuck in the mud in their efforts to extricate Clara Lee's little car. In the meantime the Kurtzes took her into their home, mud, water and all. Insisted that she take a hot bath, provided dry clothing and even a cup of coffee—and what happened to the four bogged vehicles? Nuncie Perniclaro's wrecker solved that problem!

And still on the subject of automobiles Phyllis and Sheldon Suenzeney and the A. E. Koehls of Waveland New Orleans are sporting shiny new models.

Waveland's first Brownie scout troop held an investiture last Wednesday at Town Hall. Onlookers were Mayor and Mrs. Garfield Lachner, Claire and Fred Bourgeois, Buddy Dufour and of course all of the beaming parents. The new Brownies served cookies and coffee to their guests.

Nell and Eddie Bourgeois spent last week in Waveland. Their first visit in quite some time. The trip almost turned into catastrophe when Nell slipped on the steps and fell with the baby in her arms; a pencil he held punctured his eye, but after a frantic trip to the hospital they were assured that although he would have a black eye for a while, no permanent damage was done to his vision.

Little Otto Mollere has a "thing" for seals at the moment after becoming enamored of Flipper, of Disney fame. When he heard that a baby seal was on display at Marineland in Gulfport he almost begged his parents to death wanting to see a real Flipper. In desperation they told a little white fib stating that it had been sent to Miami to grow up. They were quite confident that this fabrication had settled the issue until several days later he inquired: "Mamma, how did they take Flipper to 'your-ami'?"

Grace and Herb Baron returned from Nassau, another trip won by Herb's selling ability, just in time to find their night-blooming covered with enormous blossoms for the sixth time this year. We have a lovely picture to prove it, but it just wouldn't reproduce clearly enough for publication.

Another daughter

Beryl and Eddie Murtagh have tied the local record with the arrival of their seventh daughter born the last of October. Little Carrie Lynn, named after Eddie's mother, wasn't the seventh consecutive girl, however, as her brother David broke the streak two years ago. Incidentally David kind of banked to go to Monroe with his grandmother, Baby Love Bourgeois where's she visiting her sister, but we won't disclose her reason for deciding the little fellow had best remain at home!

Get well wishes go to Joy Landry who has pneumonia and to Mat Rhodes suffering from a nasty cold.

Margie Kempf could hardly wait for the first cold day to don her new mink, (or maybe it's a sable) coat to dash over to a neighbor's for coffee.

They ask for it

One of the purposes of our anti-trust laws is to keep competitors from fixing prices among themselves. This, however, does not keep them from playing "follow-the-leader" and thus ending up with identical prices since the illegality is not in charging the same prices but in agreement to do so. The steel industry almost annually after a new wage agreement with the union makes the headlines with this sort of pricing, usually with the biggest producer, U. S. Steel, raising its prices to be followed in a few days by the rest of the steel manufacturers.

Last week provided an extreme illustration felt directly by almost all of us of either price fixing or "follow-the-leader" when the price of gasoline to the filling stations here, and purportedly in a five state area, was raised 3.2 cents a gallon by all the major producers. This is approximately a 20 per cent raise in the cost of regular gas. For the time being some of the filling station operators have absorbed all or a major part of the increase but most have been forced to raise the retail price of gasoline 3 cents.

It takes no knowledge of the economics of the oil and gas industry to see that either it was losing its shirt before the 20 per cent raise, or else it plans on making a financial killing now. Wonder if the industry heads want the security of government control?

A couple of weeks ago the Jaycees wanted to put on a bowl game but got a cold shoulder from Bay High. Wonder if they've considered fast improving North Central? Once in the win column the Hawks found they liked that side of the ledger.

County signs federal pact on hosp. job

Signing of a non-discrimination in hiring agreement, required by the federal government to secure its \$272,763 grant for the Hancock General Hospital addition, was approved by the board of supervisors at a brief meeting Tuesday.

Motion directing President R. G. Hubbard, Jr., to sign the pact, was by Charles Lavinghouse of Beat 3 who commented, "That's a hell of a note." Hubbard and James Necaise, only other supervisors present, recalled hiring had been fairly equally divided among the races when the original hospital was built.

Supervisors also approved easements over 30.74 acres in three 16th Section tracts to Mississippi Power Co. for relocation of its transmission lines in the NASA buffer zone area. Price was \$4,611.

Payment of October claim checks for three beat funds was approved upon receipt of the gasoline tax rebates. Bills amounted to \$3,056.56 for Beat 2 \$4,833.77 for Beat 3, and \$4,486.36 for Beat 4. The Beat 3 figure included two voided invoices for Dens Tire Co. of \$542.16 and \$172.56 for which corrected bills were substituted.

Legion to vote on closing membership

Membership of Clement R. Bantemps Post 139, American Legion, will be asked at its meeting tonight to approve the executive committee's decision to close membership in the past as of December 31. If the committee's action is upheld after the first of the year only dues and membership for 1964 can be paid.

Leaders in collecting dues this year are Commander Joseph H. Benvenuti with 32, Harold Seacrier, 30, W. J. Bushler, 30, John Wilkerson, 23, and Vice Commander Gilbert Gayant 22.

section and conferred with John Hayward of Waveland, roofing firm representative, on the work he is supervising to remedy the situation.

Traverse R. P. Orme inquired what steps could be taken to make the school grounds more readily available after rain, particularly in the elementary section, noting the muddy condition that had developed after rain began early last morning.

State Jaycee event

200 due for OYF

At least 200 visitors are expected to converge on Bay St. Louis Nov. 23 for the annual statewide outstanding young farmer awards given by the Mississippi Junior Chamber of Commerce.

Local Jaycees will also host a meeting of nine Coast chapters and a meeting of the state executive committee on the same date.

Judging of the farmers will be Saturday afternoon, Nov. 23, when the three outstanding will be selected from approximately 25 scheduled to attend. Three top winners will be entered in national competition.

Waveland again delays sub-division ordinance

Subdivision regulations for Waveland were deferred again last week when only James C. DeBlanc of the town's planning commission came to Wednesday night's meeting of the Mayor and Board of Aldermen.

In a related matter Mayor Garfield Lader's appointment of Richard Perry to fill the vacant post of building inspector was approved by the aldermen over Clerk C. O. Dufour's objection that Perry would be available only at night and on weekends for Dufour to give him the approved building permits. Pay for the inspection post was fixed at \$25 per month.

Propose farm for debt work

Bookkeeping write off of \$1,895.60 in bad debts was authorized by trustees of Hancock General Hospital at their regular meeting Tuesday night while Treasurer John D. Rutherford, Jr.'s, report showed the hospital started its fiscal year, Oct. 1, with a bank balance of \$24,670.11 compared to \$13,468.17 last year. October patient collections of \$31,164.97 were the highest in the hospital's history.

On motion of Trustee Joe K. Dackworth the board, with T. T. Reboul, Jr., dissenting, voted to recommend to the board of supervisors establishment of a county farm on 16th section land. Dackworth said he thought the necessary labor could be supplied by prisoners, juvenile delinquents on weekends and on a voluntary basis. 4-H Club members who had no farm on which to undertake an agricultural project. He also suggested the possibility that hospital debtors might work off their debt that way.

The board also authorized a \$10 advertisement in the Bay High School year book before recessing from day to day.

Development slated for 137-acre tract on Felicita Street

Plans for development of a 137-acre tract on the north side of Felicita Street west of Dunbar Avenue have been announced by Allen H. Johnson, Jr., president of Johnson Realty Co., Inc., of New Orleans.

The land will be subdivided into 429 residential and apartment sites averaging 90 by 150 feet. Streets will be paved and installation of utilities is to start within 60 days.

Scivogue Interests purchased the property from Johnson Realty for \$382,000 and a total investment of \$1 million is anticipated.

It was moved to Logtown in 1919 and continued there until 1927 using the little building which also housed the Postoffice on banks of the Pearl River.

During World War II, he noted, a branch was opened at the Gulfport air field and to meet the present demands for service from the NASA installation this new branch has been established.

Rev. Emory Green, pastor of Bay St. Louis First Baptist Church, gave the invocation and parents, Mr. and Mrs. Renice Necaise of Dubuison.

Graveside services were at noon Sunday at Rotten Bayou Cemetery with Rev. Mallory Dugan of Church of Annunciation officiating.

Payment of \$40,691.87 was authorized to Magnolia Construction Co., which is nearing completion of the pipe laying part of Waveland's water distribution system's improvement program. Payment of \$981.23 to Bernard and Burk, engineers for the project, was also approved. Completion by Switzer Co. of the well part of the program is temporarily held up awaiting arrival of the pump. The new well itself has been drilled and cased and is flowing.

Only \$2,000 of the \$6,300 bill from Bosworth Construction Co. for paving on St. Joseph Street was approved for payment. The town has made payment to material suppliers for the job amounting to over \$1,300 and Alderman Dominick Souler emphasized that another supplier had said he was owed almost \$1,800 for materials delivered on the paving jobs Bosworth has done throughout Waveland during the last year. Council felt that to be on the safe side it should pay Bosworth nothing beyond the \$2,000 until final approval of the job is given and all material suppliers paid.

Harts of Love burns Sunday

Harts of Love burial Assn., long a Waveland landmark, was destroyed by fire of undetermined origin late Sunday afternoon. The building, for many years unused formerly, had housed a Negro burial association.

Waveland Volunteer Fire Department received the call at 4:15 p.m., about 20 minutes after the blaze started and was pumping water from two hoses by 4:25. The fire was under control in a few moments, but fire fighters remained on the scene for two hours until all embers were extinguished.

Kenny Fayard, fire chief, said the probable cause of the fire which started in the rear of the building, was a match tossed by a child or children playing in the area.

UNHAPPY VISITOR - Little Fox Ford is comforted by Margaret Pullizzano at Kite's Candy Shop on U. S. 90 Monday after he was accidentally left at Pernicaro's Service Station by his parents, Mr. and Mrs. Ted Ford of New Orleans who were transporting a number of children in their station wagon and did not notice his absence until some time later. Ford then called Chief Deputy Sheriff Gerald Price who took the child to the home of Horace Kergosien, a friend of the family, until he could return and pick him up.

The People have Spoken

AVERAGE NUMBER OF PASSENGERS DAILY

Lack of interest on the part of the traveling public in using the Louisville and Nashville Railroad's commuter trains Nos. 9 and 12 between Pass Christian and New Orleans has been clearly demonstrated.

In 1953 an average of 105 persons made the round trip which was operated daily except Saturdays and Sundays. By 1956 the average had dropped to 82. In 1959, with the downward trend continuing to the point that the railroad was losing a substantial amount of money by running these trains, an appeal was made to the Interstate Commerce Commission, which allowed the L&N to discontinue the part of the run from Ocean Springs to Pass Christian.

The Commission then told L&N it should continue to operate the trains between Pass Christian and New Orleans for at least a year and said that during this period the public would have ample opportunity to demonstrate its willingness to use the service.

The record shows that from an average of 80 persons who made the daily trips in 1959, the number of commuters and occasional travelers dropped to an average of 45 in 1962.

FARES COLLECTED DO NOT COVER THE WAGES OF THE TRAIN CREWS ALONE.

When the L&N started providing commuter service to New Orleans in 1881 there were no roads or other means of transportation, but entirely different conditions exist today. Excellent highways along the Gulf Coast are used by buses and by commuters traveling in car pools, as well as by individuals who drive their own automobiles. Because of the preference, practically expressed, of those who use the highways, patronage of the trains has dropped steadily in spite of substantial increases in population of the area served.

Therefore, after a testing period of four years, rather than the one year proposed by the Interstate Commerce Commission, the L&N has decided that it must go back to the Commission and ask approval to discontinue trains Nos. 9 and 12.

It is L&N's hope that the people of the area will recognize the reasonableness of our position to give up a service, the public use of which already has been discontinued.

Greetings and hope you're feeling better (Yvonne (Mrs. Norman) Benigno, Yvonne's a patient in Hancock General.

Spending a few weeks with his sister, Mrs. Ben Peterson of Clermont Harbor, is Alfred Stutler of Burrwood, La.

George Stevenson is at present enjoying a dream vacation courtesy of Chrysler. He left Tuesday night for a ten day trip to Spain. . . we're hoping he'll see a bullfight and tell us all about it upon his return.

Gripe dept.

This week it's young mothers who drive with one or more babies or very young children either around their necks or bounding about on the front seat. It's an extremely dangerous practice, hazardous both to the children and other drivers. If you don't have a car seat, please at least put them in the back seat. . . if you have to stop suddenly they can only hit the padded front seat instead of landing their little heads in on the dash board!

Newcomer notes

More NASA connected newcomers arriving daily. Mr. and Mrs. Kanyon Harrington formerly of Burlington, Vt., are now living on Bay View Court but will soon take possession of their recently purchased home on Foye Lane in Waveland. Mr. and Mrs. Robert Johnson have moved into a home in Timberlane.

Mr. and Mrs. Jack Lashley and Mr. and Mrs. Charles Montano and three children occupy new homes in Lakeside.

Armistice Day

Just about everyone turned out to watch proceedings—Buck Lander, who incidentally gets a very happy birthday wish—he said he was 38 and a few months to the 11th), was taking movies; he's on vacation; Cleo and Joe Smith, Jane and Brewster Molere, Bertha and Alvin Genin,

GAY CROWD ENJOYS WAVELAND FIREMEN'S BALL SATURDAY NIGHT

(Photo by Ed Fayard, Jr.)

LIFE ALONG PEARL

BY DIANE BARBER

Mr. and Mrs. James Spence of New Iberia, La., visited Mrs. Mary Wyman and Mr. and Mrs. Bruce Carver.

Mr. and Mrs. Elijah Lee and Mr. and Mrs. Donald Stockstill spent the weekend in Memphis, Tenn.

Mary Wyman has returned home from the Baptist Hospital and is doing well.

Jeffery Stockstill, nine-month old son of Mr. and Mrs. Donald Stockstill of Picayune spent the weekend with his aunt and uncle Mr. and Mrs. Paul Barber, Diane and Sheryl.

Connie Necaise visited in the home of James Brister of Slidell Sunday.

Kathy Necaise spent the weekend in Nicholson, visiting her.

We'll combine happy birthday and get well wishes for Jane (Mrs. Owen) Williams. . . her birthday was Friday, Nov. 8, but she wasn't up to much celebrating. . . she's been under the weather for the past couple of weeks.

A huge crowd turned out for the Fireman's Ball and had a wonderful time despite the fact that the band members experienced car trouble and were a little late in arriving. Just a few attending were Lillian and Joe Griffin, Carmen and Cliff Piazza, Mattie and Lloyd Garcia, Gloria and Herb Peterson, Josie and Clarence Herbig, Elsie and John Klein, Rose Garza, Gladys Noonan, Muriel Gilman, Louis Lander, Bill Ireland, Wallace Bourgeois, Buddy Dufour, etc.

SIGHTS AND SOUNDS ALONG THE WAY - Beautiful autumn foliage in an almost unbelievable range of golds, oranges, purples and browns; picturesque shrimp boats passing slowly back and forth across the horizon, a few remaining barefoot children and the sounds of their voices as they eke out the fading moments of daylight before giving up their play.

Susie Weston loves her new real estate selling job but still finds time to order a well known set of encyclopedias for those needing them for their children.

Sports report

Weekend weather was a little too wet and windy for successful angling as those who braved the elements discovered. . . for instance, Claude Duke was forced to abandon his outboard with two motors and much gear when it was damaged. . . in Saturday's gusty winds. . . for hunting, we know that Dick M. Mayer, Gerald Kennedy and Norman Renshaw tried their luck around Kila Saturday, but don't know how many they bagged.

BAY HIGH CARRIES BALL IN LOSING EFFORT WITH GREYHOUNDS (photo by Ed Fayard, Jr.)

Tiger cagers prep for debut with Rebels

Bay High's athletes, after missing the Gulf Coast Conference football championship by one point, are hard at work in the school gym prepping for a tough basketball schedule. Coach Wilmer Seymour said he hadn't decided on a starting line-up but would be ready for the opening game Nov. 22 against Harrison Central in the Tiger gym. Home games start at 7:30 p.m.

Schedule is Nov. 18, at St. Joseph, girls; 22 Harrison Central, home; 26, at St. Martin, Dec. 3, at North Central; 10, at Long Beach; 13, Pass High, home; 17, St. Joseph home, girls; (6:30 p.m.); 17, Ocean Springs, home, boys; 19, Pearl River Central, home, Jan. 7, at Stone High, (B team 6 p.m.); 10, North Central, home; 17, at Pass High; 21, at Ocean Springs; 28, at Pearl River Central.

Feb. 3, at Piquette. Tournaments: Dec. 4-7, Pass Christian; Jan. 23-25, Bay High; Jan. 30-Feb. 1, Gulf Coast Tournament at Harrison Central.

Irvin T. Cuevas, 20, son of Mr. and Mrs. Monroe F. Cuevas, of 117 State St., began basic training recently at the Naval Training Center, Great Lakes, Ill.

 NOTICE OF TRUSTEE'S SALE
 WHEREAS, on the 21st day of August, 1959, Charles Keith Miller and wife, Elizabeth Rauch Miller, executed a deed of trust to Dan M. Russell, Jr., Trustee, to secure an indebtedness there- in mentioned to the Peoples Federal Savings and Loan Association of Bay St. Louis, Mississippi,

which deed of trust is duly recorded in Book 78, pages 275-76, of the Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi; and WHEREAS, said deed of trust was subsequently assumed by N. F. Compagno upon acceptance of that certain deed executed by Charles Keith Miller and wife, Elizabeth Rauch Miller, in favor of N. F. Compagno on July 26, 1960, as recorded in Book M-9, page 199, Deed Records of Hancock County, Mississippi; and WHEREAS, default having been made in the payment of said indebtedness, and the said Peoples Federal Savings and Loan Association of Bay St. Louis, Mississippi, the legal holder of said indebtedness having requested the undersigned Trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW, THEREFORE, I will on Tuesday, the 10th day of December, 1963, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the following described real property located in Hancock County, Mississippi, as follows, to-wit:

Greyhounds win 7-6 Extra point try costs BHS title

A wide kick booted Bay High's Gulf Coast conference championship hopes into oblivion Friday night in Freedom Field at Ocean Springs, the Greyhounds defeating the Tigers 7-6 in a hard, defensive battle for the championship before an overflow crowd.

The Tigers were somewhat handicapped by the partial loss of quarterback Johnny Penton who is suffering from a leg injury that slowed him down considerably but Leroy Luke held down the job beautifully and intercepted two Greyhound passes.

Ocean Springs led 7-0 at the half and held the Bengals scoreless until the closing seconds of the game when quarterback Leroy Luke passed to halfback Mike Strong for 15 yards and a touchdown. Luke's kick for extra point was wide to the right of the goal posts.

Although Bay High led in first downs and other statistics, Ocean Springs threatened to score on several occasions, once moving to the Tiger one after Rickey Davis intercepted a pass and got to Bay High's five before being tackled. They lost the ball on downs when the Tigers' defensive wall refused to budge.

Bay High wound up its season with eight wins, one loss and one tie with Long Beach. The Greyhounds had a perfect season with 10 consecutive wins. Coach Lance Lumpkin's Tigers now have four wins and two seconds in five years of conference play.

The Tigers' touchdown came after a sustained drive of 91 yards, with only four minutes to go. With 35 seconds to go Strong snagged Luke's pass to save his mates from being blanked.

Ocean Springs got its tally with 25 seconds to go in the first half when quarterback David Beaugez flipped a one-yard bullet pass to halfback Davis following a 55-yard drive and Beaugez kicked the winning point.

Hawks in 3rd win, Pointers defeat St. Martin

North Central's delighted fans cheered their favorite Hawks on to their third consecutive victory Friday night in Hawk Stadium as the lads trounced a good St. Martin squad 32-20.

The Hawks have one more game to play this season, Friday night against Pearl River Central at Poplarville.

It looked like a rough night for the Hawks when St. Martin's Mike Letort took the opening kickoff and galloped 78 yards to score standing up but the Hawks lost no time evening the score when Keith Shaw recovered a St. Martin fumble on his own 36. Two first downs later the ball was on the St. Martin one from where quarterback Eddie Peterson changed over to score.

Rocks to open cage season in Pass journey

St. Stanislaus will delay opening its basketball season this year until Dec. 4 when the squad will play in the Pass Christian High Tournament.

Other games scheduled are Dec. 10, at Iberville, home; 17, Notre Dame, home; 19, at Pica-yune; 23, at Benjamin Franklin; 27, Benjamin Franklin, home; 30, at Chalmette.

Jan. 2, at De La Salle; 3 Sacred Heart, home; 6, at Pass Christian; 7, Picayune, home; 11, Pass Christian, home; 14, at Notre Dame; 17, at Iberville; 18, at Sacred Heart; 21, at St. John; 25, Pass High, home; 31, St. John, home.

Loiacano makes SEC all-stars

Fullback J. E. Loiacano of Mississippi State made the AP Southeastern area All-America checklist again this week. He is a former St. Stanislaus star athlete and Bay resident.

Last week Loiacano played a part in what was probably the biggest upset in the nation when State whipped Auburn, fifth ranked in the AP poll, 13-10. This week State and LSU collide in a battle that should shake the South.

North Central scored again in the first period when Paul Cuevas took a pass from quarterback Eddie Peterson that was good for eight yards and six points. He also ran the ball for the extra point and the quarter ended 13-6, Hawks.

The Hawks outplayed St. Martin in every department but their passing offense was superb. St. Martin's best weapon was a pitch-back to halfback Don Fountain who would then fade and pass. Fountain completed eight passes for 169 yards but it wasn't enough.

North Central scored twice in the second quarter, first on a two-yard plunge by Peterson and again as the half whistle blew fullback J. C. Lind caught a heave by Peterson and went for the TD. It was a 4-yard play. Paul Cuevas ran for the extra point. The Hawks ended their scoring in the third period when Wendell Laidner took a 10-yard pass from Peterson and scooted over.

St. Martin scored again in the third quarter on a 12-yard pass from Fountain to Ronnie Seymour. Harrell Bahukna ran for the extra point. In the fourth Fountain hit David Ayres with a 30-yard aerial for another tally.

North Central racked up a total of 390 yards against 219 for St. Martin. Yards rushing, North Central 113, St. Martin 50, passing, North Central 277, St. Martin 219.

Peterson tried 26 passes and completed 13 for 245 yards. Leading rusher was Kenny Randall who went 41 yards in eight tries. Wendell Laidner received 10 passes for 65 yards.

ing the community is not ready for such an expenditure now.

Bay St. Louis Mayor John Scaffie reported to the chamber membership on the status of plans for a sewer and sewage program for the city since unavailability of federal funds mean it will have to be financed locally.

Last week's increase in gasoline prices in a five-state area that includes Hancock County also was considered in relation to its possible deterring effect on growth with the proximity of low-priced gas in Louisiana.

Carver outlined activities of the past year in his president's report, including getting the State Highway Department to erect "no litter" signs along U. S. 90 within Bay St. Louis; recommendation that the Bay form a volunteer fire department; distribution of new city maps; meeting with highway and other chamber officials on Interstate 10; calling for more fair, just and equitable redistricting of supervisory districts; erecting a sign at U. S. 90 and North Beach during Hancock County as the home of Mississippi Test Operations and of eight directional signs showing location of the chamber office.

He noted also cooperation with Bay-Waveland Garden Club in a community clean-up drive, new-comer services and an initiation of a buyer's guide to stimulate membership. Seventy-seven letters were received for that guide at meeting time, yielding \$807.30.

The financial statement of Mrs. John Green, secretary-manager, showed receipts during the year of \$2,650.93 and disbursements of \$3,337.84. The chamber started the year with \$1,196.91 balance and ended with \$310.
